**ON PACIFIC ODYSSEY**—William Willis, 61-year-old Texan, and the balsa wood raft aboard which he sailed from Callao, Peru, are shown during recent last-minute preparations for the 11,000-mile trip across the Pacific. Determined to outdo the historic "Kon Toki" expedition, Willis hopes to float on ocean currents to Samoa. His only companions are a parrot and a cat. The 35 by 158-foot raft has a tin cabin and nylon sails.

## U. N. Takes Up Guatemala War

Probe Charge Rebels Getting Outside Aid

UNITED NATIONS, N.Y. (AP)—The U.N. Security Council turns back to the Guatemala War today, taking up an urgent charge from the Central American Republic that neighboring Honduras and Nicaragua still are helping the rebels fighting President Jacobo Arbenz Guzman's Communist-backed government.

U.S. Delegate Henry Cabot Lodge Jr., the council president, called the 11-nation group to meet this afternoon after the council's Latin American members, Brazil and Colombia, acceded to the Guatemalan appeal and asked for a session.

Diplomatic sources said they got their request to Lodge just a few minutes before the Soviet Union formally demanded a meeting.

The Russians first came to the aid of the Guatemalan government last Sunday, when Soviet Delegate Semeyor K. Tsarapkin vetoed a Brazilian resolution to shunt the Guatemalan case to the Organization of American States.

The Inter-American Organization's five-nation Peace Commission announced in Washington last night that, if Guatemala agrees, it will send a fact-finding committee to check on the charges against Nicaragua and Honduras.

Guatemala's reply to the proposal was reported on the way to the committee. Some members said they understood it would be favorable.

## Warren Junior High Damaged By Vandals

WARREN — Several thousand dollars' damage was caused yesterday by vandals at East Junior High School here, who turned on a fire hose and 34 showers to flood the large gymnasium with six inches of water, police and school officials reported.

L. O. Wurtenburger, business manager of Warren schools, said that about 25 windows were also broken by the intruders in the "worst case of vandalism in the history of city schools."

A squad of police was called to the school about 2:45 a.m. today after persons living in the area heard the noise of breaking glass and reported seeing several boys on the school grounds. The vandals are still at large.

## Father Of Five Loses Life In Truck Mishap

Four Other Persons Hurt In Five Area Accidents Thursday

A Pennsylvania truck driver, the father of five children, was killed and four persons were injured in five road mishaps investigated on Thursday by state highway patrolmen.

Albert Bender, 35, of Mount Oliver, Pa., was crushed to death at 10:15 a.m. when his truck-trailer ran off Route 224 near Ellsworth, landed in a ravine and overturned.

Passengers and residents of the area remove the body from the smashed truck cab.

Bender was driving a load of dry ice from the National Cylinder Gas Co.'s Barboursville plant to a Pittsburgh warehouse when the mishap occurred, patrolmen said.

**17th Traffic Fatality**  
It was Mahoning County's 17th traffic fatality of the year.

One person was injured in a three-car rear end collision at 6:20 p.m. on Route 14, just west of Washingtonville.

Cars involved in the accident were operated by Roy Davis, 21, of Leetonia; Joanne Cain, 17, of RD 5, Salem and Helen Christofaris, 33, Box 78, Salem.

Emma Mason, 60, of Salem, a passenger in the Christofaris auto, sustained abrasions of the left knee and a laceration of the forehead but did not require medical treatment.

Helen Christofaris was cited for failing to stop in the assured clear distance ahead, patrolmen said.

**Leetonia Man Hurt**  
James Green, 24, of Leetonia, sustained lacerations of the left elbow and right eye and a back injury when his car went out of control on the New Springfield Road near North Lima and struck a utility pole at 11 p.m.

He was treated by a North Lima doctor. The car was demolished.

Cars operated by Chester Walsh.

## FHA Officials Suspended For Investigations

WASHINGTON (AP)—The Housing and Home Finance Agency announced today that two more long-time officials of the Federal Housing Administration have been suspended pending disposition of charges of "serious irregularities."

The announcement by administrator Albert W. Cole gave no details of the allegations against the two men. They are:

James E. Hicks of Washington, director of FHA's Region 2.

Andrew Frost of Albuquerque, assistant state director for New Mexico.

Cole said he based his request to FHA for the suspensions on information furnished by William F. McKenna, deputy administrator in charge of the current investigation into FHA operations.

That inquiry began with allegations that "a" builders had reaped multi-million-dollar windfall profits through oversize loans for construction of apartment projects in a program now closed out, and (b) home owners were being bilked in operations under the current program for FHA-guaranteed loans on home improvement jobs.

Dr. Wallace Graham said Truman "is feeling pretty good but he's been bothered a little by a penicillin rash. And he won't let us move him to a cooler room."

The 70-year-old former President underwent surgery last Sunday for removal of his gall bladder and appendix.

Mrs. Ila Mae Kampschroeder, a special night nurse at Research Hospital, called Truman a fine patient.

"Unlike a lot of important people, he's very cooperative," she said. "He's very human and with-stands pain marvelously."

# Churchill Aims To Clear Differences With U.S.

Government Claims Its Troops Advance

## Guatemala Rebels Mass For Full-Scale Assault

TEGUCIGALPA, Honduras (AP)—The Guatemalan rebel command said last night its forces were massed for a full-scale attack on Chiquimula and that "bloody" fighting already raged there. But government military leaders, boasting advances on "all fronts," vowed to bring the invasion to a speedy end.

A communique from the invasion headquarters of Guatemalan exile leader Col. Carlos Castillo Armas said a major battle was shaping up at Chiquimula, less than 70 miles northeast of the Guatemalan capital.

The announcement said that as the rebels pressed in to attack, the government hastily reinforced the Chiquimula garrison with artillery, mortars and machineguns. The communique said the garrison commander had deserted to the rebels.

**Claims 16 Towns Held**  
Castillo Armas claimed his rebel forces now hold 16 Guatemalan towns, seized since the invaders moved in from the Honduran border last Friday in a bid to unseat President Jacobo Arbenz Guzman's Communist-supported regime.

On the diplomatic front, the strained relations between Guatemala and neighboring Honduras appeared near the breaking point.

Informed sources said the Honduran government was about to demand the expulsion of Guatemalan Ambassador Amadeo Chinchilla on grounds he sparked Wednesday's leftist student demonstration in Tegucigalpa. Seven persons were wounded when police opened fire.

Tension reached the crucial stage when Guatemala accused Honduras of aiding the rebellion.

**Six Men Held For Kidnaping, Assault of Girl**

COLUMBUS, Ohio (AP)—Police held six men in city prison for investigation today after a pretty, 22-year-old blonde girl reported she was kidnaped and criminally assaulted last night.

Police said the victim was Wanda Hill, who had stopped here with a girl companion while en route to Chicago from Miami, Fla. Police described her as a model and show girl.

Detectives Sgt. James Helise and Detective Robert Bruch said Miss Hill gave them this story of the assault:

Miss Hill and Miss Del Maynard, 22, met two cab drivers while the cabs were parked in the rear of a cab company parking lot. They were discussing the possibility of getting temporary employment, Miss Hill sitting in one cab and Miss Maynard in the other.

Then three men appeared suddenly, jerked open the cab door and grabbed Miss Hill. They carried her to a car in a nearby alley while she screamed and kicked. The cab driver and Miss Maynard chased the abductors until they lost the car blocks later.

Three other men joined the first three abductors later. Early today Sgt. Helise, having a description of the kidnap car, spotted the car, chased it, and took five occupants of it into custody. Later, Miss Hill was spotted by Patrolman Matthew Robson with another man. She ran to the officer who took the man to custody.

Miss Hill, who told police she was assaulted nine times, was taken to St. Francis Hospital for treatment, officers said.

Police said all six men have police records.

## 14 Persons Indicted On Charge Of Corrupting Tax Officials

WASHINGTON (AP)—Fourteen persons, including three New York lawyers, were named today in an indictment accusing them of plotting to corrupt Internal Revenue Bureau officials and impede tax scandal investigations.

Atty. Gen. Brownell announced the return of the indictment by a federal grand jury in New York.

Four persons were named as defendants, the others as co-conspirators.

Those named as co-conspirators included Daniel A. Bolich, former No. 2 man in the old Internal Revenue Bureau, and Henry W. (The Dutchman) Grunewald, long a mystery man around Washington.

The eight-count indictment named as defendants:

Samuel Schopick and Irving Davis, partners in the New York law firm of Schopick and Davis; Max Halperin, an attorney said to have been associated with the law firm from time to time; and Milton Hoffman, not an attorney but said to have occupied space with the law firm.

Only the first count of the indictment which alleges conspiracy included the names of the 10 alleged co-conspirators.

## China's Navy Seizes Russian Owned Tanker

TAIPEH, Formosa (AP)—Nationalist China today announced that its navy seized the tanker Tuapse off Formosa Wednesday and it is being held at the port of Kaohsiung. The announcement did not mention nationality of the ship, which is owned by Russia.

The Nationalists charged that the tanker was carrying oil to a "Communist bandit" port on the Communist mainland in violation of a U.N. embargo against such shipments.

The announcement said the Tuapse was seized while violating Nationalist China's port closure policy—a term used to describe the Nationalist decree banning foreign ships from Red China ports.

The Tuapse's manifest showed its cargo was destined for the Communist Petroleum Corp. in Shanghai, the Nationalists said.

The announcement was issued by the government information bureau.

Prior to the official announcement, the Nationalists had made no mention of the ship and had banned publication in Formosan newspapers of reports that Russia had accused the U.S. Navy of seizing the tanker.

## Little Hope Seen For Agreement With President

Churchill Says He Wants To Avoid U.S. 'Misunderstanding'

WASHINGTON (AP)—Prime Minister Churchill arrived today for momentous talks with President Eisenhower and said his aim is to make sure there are "no misunderstandings" in the British-American family.

He put it this way: "I've come with Anthony Eden to talk over a few family matters and try to make sure that there are no misunderstandings."

Churchill, in gray suit and hom-burg and carrying a gold-headed cane, stepped down from the big American-built British Overseas Airways plane promptly at 9 a.m. (EDT).

Foreign Minister Eden was with him.

For a 79-year-old veteran of several wars and many historic diplomatic conferences, Churchill moved with remarkable sprightliness.

**Crowd Cheers**  
As the crowd gathered at the airport cheered, Churchill lifted his hat and waved. The morning sunlight brightened his pink faced smile.

The military guard drawn up in an open square around the edges of the parking apron stood at present arms.

Churchill shook hands with Vice President Richard Nixon and Secretary of State Dulles, British Ambassador Sir Roger Makins and other British Commonwealth envoys here.

Then, after a moment's conference with his American hosts, Churchill marched stoutly to a waiting battery of microphones and said:

"I have had a very comfortable journey from my fatherland to my mother's land. (His mother was an American.)

"I've come with Anthony Eden to talk over a few family matters and try to make sure that there are no misunderstandings.

**English Family Large**  
"The English-speaking family or brotherhood is rather a large one and not entirely without a few things here and there.

"And if we work together we may get along all right ourselves and do a lot to help our neighbors in the world, some of whom on either side of the Iron Curtain seem to have even greater problems than ourselves."

When he finished speaking, Churchill turned to Secretary of State Dulles whom he has known for a long time and asked in his famous Churchillian growl "Was that all right?" Dulles grinned and warmly shook his hand.

Eden made no statement. Expected public welcoming comments by Nixon and Dulles also went undelivered. Nine minutes after he set foot on American soil, Churchill climbed into an open convertible with Nixon and they drove to the White House. Eden and Dulles followed in a second car.

Eisenhower, never much of a hand for official welcomes at airports, reserved his greeting for the

## Most Of Nation Feels Heat Wave

Sizzling Temperatures To Continue Saturday

By The Associated Press  
June's sizzling brand of hot weather was being cooked up for most of the nation today.

Sunny skies and temperatures in the 80s and 90s were in prospect for wide areas. The same scorching weather was expected for tomorrow.

The northern tier of states appeared escaping the hot blasts while some areas got a little relief from cooling showers.

The blanket of hot air over the Southwest and West moved into the Mississippi Valley and a day of hot and humid weather was predicted. The East also was in for some 90-plus readings but there was some comfort in low humidity.

Temperatures again yesterday were 100 and above in Kansas, eastern Colorado and southern Nebraska but there was some relief in Wyoming, northwestern Nebraska, western South Dakota, North Dakota and Montana.

Showers also brought a little cooling to the Southwest desert region but temperatures yesterday were 100 degrees in many areas. Las Vegas, Nev. reported the day's top reading of 110.

The northern tier of states got lower temperatures by the invasion of cooler air from Canada, with drops from 10 to 15 degrees.

Showers and thunderstorms hit areas in the Northern Plains eastward into the northern Great Lakes region early today. A narrow belt of rain extended into Colorado and southwestward over most of Arizona. A few showers fell in the extreme northeast and southeast sections of the country.

## Colorado Gets Air 'West Point'

Pick Colorado Springs For Air Training Site

**JOINS CENTURY.** William F. Stalker has been named sales promotional manager of the Century Food Markets Co., according to an announcement by Jules Aron, president. Mr. Stalker, a Youngstown College graduate, was with a New York advertising agency and the Addressograph Multi-graph Corp., before joining Century. He has been president of the Federated Youth Organization of the Youngstown Protestant Churches.

### FAITH LIFTING OFFERED

**PHILADELPHIA (AP)—**The Rev. Frank H. Heinz has a thought-provoking sign in front of his church in suburban Germantown: "Come in and have your faith lifted."

WASHINGTON (AP)—The West Point of the Air, training school for the young men who will man America's air armadas of the future, will be built near Colorado Springs, Colo.

Secretary of the Air Force Talbott announced his selection of that site late yesterday, ending years of bidding by rival sites which originally numbered in the hundreds but had been narrowed down to three by a special selection board.

Thus the Rocky Mountain country of the West gets the Air Force's counterpart of the two old service academies, both situated on the Atlantic seaboard: The Army's West Point, N. Y., and the Navy's Annapolis, Md.

Some 15,000 acres of rolling country which curves up to the wooded foothills of the Rocky Mountain chain dominated by 14,109-foot Pike's Peak will be the locale of the Air Force Academy, on which Congress has authorized the expenditure of 156 million dollars. The eventual cost may be much higher.

The academy is not expected to be ready for use before mid-1957. A temporary home will be established at Denver.

Talbott's announcement did not say precisely where, but presumably it will be at Lowry Field, a big Air Force installation.

Talbott described the Colorado Springs site as "admirable for the establishment and development of the school," which he said is "destined to play an essential part in the future of our country."

Whether President Eisenhower had a choice in the final selection was not known. Talbott had quoted the President as saying some months ago that he had a choice, but would not tell where it was.

Mrs. Eisenhower's home is in Denver, 71 miles north of Colorado Springs, and the President spent his vacation in the area last year.

The other sites open to Talbott were Lake Geneva, Wis., and Alton, Ill.

In authorizing the academy earlier this year, Congress set up a special five-man commission which traveled over the country inspecting hundreds of possible locations. The commission was to pick the site if it could agree unanimously. But if not—and this is what happened—it was to name three and leave the final choice to Talbott.

Local groups from Lake Geneva and Alton had voiced some objections, and a Lake Geneva citizens' group had filed a suit in federal court here to prevent its selection.

Colorado Springs, a resort city listed in the 1950 census as having a population of 45,472 persons, interposed no such protest. And the state of Colorado offered aid in bidding for the site: A million dol-

lars with which to buy land, creation of a land acquisition committee, a pledge of cooperation on behalf of labor and construction forces.

Colorado Springs has long been a tourist mecca, in part because of what Gov. Dan Thornton describes as its "inspiration and beauty."

The temporary academy is due to admit its first class of 300 cadets a year from July 1.

The Air Force, which says it is looking for "something different" in the way of design, has asked a number of architects to submit sketches.

The four-year course of instruction will have only light emphasis on actual flying. The Cadets—probably 600 a year when the academy hits full stride in about six years—will get "air observer" wings when they graduate. Then they will take advanced training to win pilots' wings.

As is the case at West Point and Annapolis, most students will be nominated by members of Congress. Detailed announcement of how to get in is promised for sometime next month.

### SUMMER WORKER KILLED

**COLUMBUS, Ohio (AP)—**Donn Moling, 22-year-old Marine veteran who took a summer job as a farmhand to build up his health for a 14th operation for a wound he received in Korea, was killed yesterday when he touched a 220-volt wire while trying to connect an electric blower on a dairy farm near Columbus.

## 3 Dead As Result Of Traffic Mishap

**MIDDLETOWN, Ohio (AP)—**Two cars crashed at an intersection near here last night, killing two persons and injuring a woman who later died in childbirth.

Killed in the crash about half way between Hamilton and Middletown were Thomas Earl Ross of Cincinnati and a woman state highway police said apparently was his wife.

Ruby Proffit, 42, of Middletown, a passenger in the other car, suffered a dislocated hip. She and her baby died this morning in Mercy Hospital, Hamilton.

Hospital officials said they did not know if the accident caused the death of the infant. Rosamunde Hime, 34, of Middletown was injured slightly in the crash.

## Sesqui Plans Are Discussed

Civic Groups Attend  
Planning Meeting

COLUMBIANA — Preliminary plans for a sesquicentennial celebration in Columbiana next year were discussed at a meeting in city hall Wednesday evening of representatives of civic and cultural groups.

Virtually all such groups had named representatives to serve on a community committee response to a request sent every organization by Mayor Walter Thomas at the instance of the historical society, and there was a good representation.

Mayor Thomas presided as temporary chairman and Mrs. L. A. Way was made secretary.

It was decided that a celebration should be held next year at some time in the summer not to conflict with the 70th annual homecoming and street fair.

To effect a permanent organization, a nominating committee was appointed to prepare a slate of proposed officers to be presented at another meeting to be called soon, as it was the sense of the meeting that plans should be got under way at once. The committee is David Holloway, Rev. H. J. Scheideman, George Seederly, Mrs. Curtis Bierly and Mrs. Way.

AT A MEETING of the board of trustees of the Historical Society of Columbiana and Fairfield Township at the home of Miss Leila F. Beard, president, Monday evening, it was decided to make a tour of Columbiana and immediate vicinity Sunday afternoon, July 11, to end at Firestone Farms, where the homestead will be visited, permission having been obtained from the Firestone family.

The tour will start at 2:30 from Grace Church corner at S. Main and Pittsburgh Sts. All members of

the society and all others interested will be welcome. The president appointed Leo Holloway to represent the society on the sesqui-centennial committee.

ONE OF THE last official acts of Margaret K. Barrow, who completed this week her second term of one year as president of the Columbiana Business & Professional Women's Club, was to appoint a committee to arrange for a picnic Tuesday, July 27, in Firestone Park.

The committee is Ruth Backstrom and Grace Carson, chairman and co-chairman, Alta Mulch, Rachel Esterly, Catherine Hisey, Margaret Morrow, Lucille Johnson and Esther Sponseller.

The new president, Vera Frayser, will meet with the other new officers in Mrs. Barrow's music studio at 7:30 p.m. Thursday, July 8. Helen Eckert, program chairman, will meet with all committee chairmen at the same place at 7:30 p.m. Thursday, July 15.

Ruth Lehman, club member, will go to Europe by plane the last of this week to spend a vacation of two months.

Some of the outstanding work of the club the past year was: The \$500 project of refurbishing the teachers' lounge in the High School Building; a \$30 contribution to the UNESCO fund; \$50 to the Salvation Army summer camp; \$25 to the cancer fund; \$180 annually to be divided equally among the three Columbiana Girl Scout troops; \$5 to Christmas seals; \$100 annual nursing fund available to girls of the community. The club appreciates the support of the community.

A report of the food sale June 12 showed \$86.50 realized. The club made 150 carnations, the state flower, to be sent to the biennial convention in St. Louis to be worn by Ohio delegates.

The Fisher Printing Co. made 500 small pads to be used in the Ohio room at the convention. An inscription on each reads, "The Columbiana B.P.W. Club, Biggest Little Town in Ohio."

AT A WEDDING IN Grace Evangelical and Reformed Church at 6:30 p.m. Friday the bride didn't change her name when Rev. Donald J. Voelm, pastor, united Miss Betty Burkey, daughter of Mr. and Mrs. Robert Burkey of near East Palestine, and Walter Burkey, son of Mr. and Mrs. H. A. Burkey, east of Columbiana on New Springfield Road.

The ceremony was witnessed by the immediate families and the attendants, Miss Jane Russell of En-

on Valley, Pa., and James Gaston, RD 1, Columbiana. The bride is a graduate of East Palestine High School, and the groom of Fairfield High School.

Mr. Burkey is in the Army, stationed at Fort Benning, Ga.

The Junior American Legion baseball team will play at East Palestine Sunday afternoon, and East Liverpool here Wednesday evening.

Clayton Dyke, owner of the Columbiana - Youngstown bus line, will run a special bus to Cleveland Saturday evening for the baseball game, leaving Columbiana at 5 p.m. Passengers will be picked up at East Palestine and New Waterford also.

## Commencement Talks Given By Twins

CHICAGO, June 25 (P)—Lorraine and Elaine Katz, 16-year-old identical twins named valedictorians at Austin High School, each got a chance to give valedictory addresses at commencement exercises.

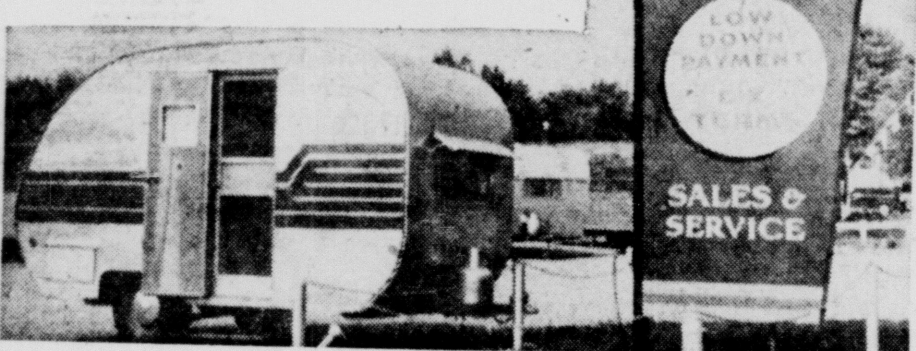

To enable the families and friends of the school's 511 graduates to be seated in the auditorium, the class was divided and diplomas distributed at two commencement programs. Lorraine gave her valedictory address Wednesday and Elaine spoke at last night's commencement.

## Lick 'Em Or Join 'Em

If Will Rogers were around, he would be having fun with the diplomats over their job in Asia.

Even without a Will Rogers to say so, it is plain that the new premier of France, Mendes-France, and the old prime minister of Britain, Sir Winston Churchill, are trying to show "brash" Americans the truth of the adage: "If you can't lick 'em, join 'em."

The West cannot lick all the Asiatics who are armed and willing to fight. Whether it calls them rebels, reformers, or Communists — and they seem to be some of each — the West does not know how to make them surrender their arms and give up.

This is a triumph for the Soviet Union. In the endless game of international power politics, it seems to have gained the upper hand by supplying more power to its friends than the West has supplied to its friends.

Eventually, it may be the worst headache the Communist dictatorship of the Soviet Union ever brought on itself. Asiatics have no reason to love, honor and obey the minority of Russians who have become the bureaucratic aristocrats of the Communist conspiracy.

The long-term strategy of western diplomacy is to come to terms wherever possible and in every way possible with Asiatics and thereby to keep them from losing touch with western influence while they learn to hate the Communist dictators.

That is what Premier Mendes-France has been trying to do at Geneva with his opposite number in China — Prime Minister Chou En-lai.

According to educated guesswork, supported by Anthony Eden's last-minute speech in the House of Commons, that is what Prime Minister Churchill and Mr. Eden will talk about in Washington this week.

It is what President Eisenhower was hinting at when he said recently that Japan must be allowed to trade with Communist China. It probably is what Washington officials have been hearing about in their recent flurry of briefings on the world situation.

The West world is not going to fight the East world if East wants to come to terms. It is not going to force Asiatics to join the Communists to get rid of the "colonialists."

## Must The Fun Be Over?

The president of the American Legion Convention Corp. for 1954, Herbert J. Jacobi, says everybody is going to be surprised at the decorum of the delegates when they meet in Washington in August.

He says Legionnaires have changed. He also says his organization is concerned about the request to Congress by a fellow member, Dwight D. Eisenhower, for \$103,000 "to maintain public order" while the Legion convention is in town.

But when Jacobi, who is 60, says World War I members are "getting older" and World War II members always have been more serious than the Legion's charter members, one could wish it weren't so.

Nobody begrudged the Legionnaires their fun when they used to have it 24 hours a day, from the beginning to the end of their annual conventions. Their endurance, imagination, capacity for practical joking and ability to lay aside the cares of the world were fabulous.

They were an exuberant part of the "simple laughter" that Army Counsel Welch spoke of in his peroration at the end of that televised exhibition of rancor in the government. We hope the Legion delegates won't be any more decorous in Washington next August than \$103,000 worth of public order demands they should be.

## Help For Drug Addicts

The odds are against a proposal made before the American Medical Association to furnish low-cost drugs to addicts while encouraging them to overcome their habit. The moral problem involved is ticklish.

But the proposal would very nearly solve the two toughest problems of drug addiction.

The first is the problem of salvaging the addicts before they become public charges either through illness or the commission of crimes to obtain money to buy drugs.

The second is the problem of keeping the fantastic amounts of money which the dope habit yields out of the unscrupulous hands of the promoters of the dope trade.

Besides homegrown organizers of vice who prosper from dope peddling are the exporters of the opium which is the source of most drug addiction.

Nearly all opium in the dope trade is grown in Communist China, which has been shown by reliable testimony to be promoting drug addiction ruthlessly and systematically.

Any method for making low-cost drugs available to addicts while encouraging them to rehabilitate themselves would be a body blow at the primary source of income for the Communist conspiracy.

# Misguided Scientists

By DAVID LAWRENCE

## Oppenheimer Report Distorted By Propagandists

Scientists are organizing propaganda campaigns to discredit the report of the board headed by Gordon Gray, president of the University of North Carolina, which recently ruled that Dr. J. Robert Oppenheimer is a "security risk" within the meaning of existing regulations.

Some of those same scientists are trying to give the impression that Oppenheimer is being punished for his "views" on scientific matters, when the truth is he has been censured for specific acts and contradictory testimony, including admitted falsehoods to two different security officers of the U.S. Army in 1943.

What seems puzzling is that Oppenheimer, despite his "fury" about Nazi treatment of the Jews, not only contributed funds to a lot of Communist organizations but he continued to do so for many months after Stalin joined with Hitler.

THE OFFICIAL transcript of the hearings is very revealing on this point.

"Beginning in late 1936, my interests began to change," wrote Oppenheimer to the Atomic Energy Commission on March 4, 1954. "These changes did not alter my earlier friendships, my relations to my students, or my devotion to physics; but they added something new."

"I can discern in retrospect more than one reason for these changes. I had had a continuing, smoldering fury about the treatment of the Jews in Germany. I had relatives there, and was later to help in extracting them and bringing them to this country."

Hitler and Stalin joined in their alliance just before the war broke out in September, 1939. From that time through the terrible months in which the Soviets and the Nazis were allied, the armies of France were defeated and Britain began to feel the bombardment of Nazi planes. Holland and Belgium had been conquered and occupied.

Oppenheimer, unlike many other persons who were "fellow travelers" or in sympathy with the Communist cause prior to September, 1939, did not stop contributing to or manifesting his sympathy with the Communist-front organizations. The persecution of the Jews continued throughout those same months.

According to the testimony, Oppenheimer attended a meeting of one Communist-front organization on Dec. 1, 1940, which was addressed by Mr. Schneiderman, who was secretary of the Communist party in California. Oppenheimer admitted this on the witness stand.

"The meeting was held at the home of Haakon Chevalier, whom Oppenheimer says he knew as a fellow traveler and who, it is revealed, was the man contacted by an agent of the Soviet government in an unsuccessful attempt to elicit atomic bomb information from Oppenheimer."

IT WAS CHEVALIER that Oppenheimer admits he tried to protect and for whom he twice over a period of months in 1943 misled security officers of the

U.S. Army who questioned him. Roger Robb, the able counsel for the Atomic Energy Commission's special board, cross-examined Oppenheimer as follows:

Q. How long after 1942 did you continue as a fellow traveler?

A. After 1942 I would say not at all.

Q. But you did continue as a fellow traveler until 1942?

A. I had no sympathy with the Communist line about the war between the spring of 1940 and when they changed. I did not admire the fashion of their change.

Q. Did you cease to be a fellow traveler at the time of the Nazi-Russian pact in 1939?

A. I think I did, yes.

Q. Now, you are changing —

A. Though there were some things that the Communists were doing which I still had an interest in.

At another point in the proceedings, Chairman Gray interrogated Oppenheimer as follows:

Q. The record shows, I believe, Oppenheimer, that you continued probably until sometime in 1942 to make financial contributions which went to Communist causes, with money passing to different people, but among others, Folkoff was one who was known to you to be a Communist party officer.

A. That is right.

At another point Counsel Robb took up the interrogation as follows:

Q. You knew it (the money) was going through Communist channels?

A. I knew it.

Q. For how many years did that go on?

A. You have fixed the date in early 1942. I have a feeling that is about right.

Q. You mean your last contribution was probably early in 1942?

A. Yes, in early 1942.

Q. Starting in 1937 or earlier?

A. Yes.

Q. In other words, it continued for approximately four years?

A. Yes.

Q. What was the average yearly amount that went through those channels?

A. I never tallied it up.

Later on, the testimony continued:

Q. You might have given as much as \$150 a month on the average?

A. That is a leading question.

Q. Yes, I know.

A. I could have as far as the money I had available . . . I remember once giving \$300.

IT IS PRECISELY this sort of testimony which doesn't refer at all to "views" on science but which exasperated the majority of the board as evidenced by their final decision to weigh the specific acts and answers of Oppenheimer in coming to their adverse conclusion about him as a "security risk."

The board refused to say he was disloyal.

The security officers in Army intelligence, however, questioned his loyalty, as the text of the formal findings of those Army officers reveals, but they were overruled by top officials on the atomic energy project.

## Pottery Imports Hurt

Imports of foreign dinnerware—produced at pauper wage levels—are endangering the jobs of some 50,000 skilled American workers, a leading pottery executive warns.

Joseph M. Wells, treasurer of The Homer Laughlin China Co., the nation's largest, said that imports of foreign-made tableware have doubled since 1948, and now exceed 8,500,000 dozen pieces annually. Imports from Japan now account for nearly two-thirds of all imports of dinnerware. The bulk of the imports, he reported, entered at a valuation of less than one quarter of the American factory cost for similar ware.

According to the U. S. Potters Association, American potters earn an approximate average hourly wage of \$1.68, about 10 times the rate paid their Japanese competitors. Foreign producers imitate American designs and production methods and are able to undersell American originals at one-half or less of the production cost of the American article.

Since 1949 domestic production of china has declined over 25 per cent while imports have increased by about 60 per cent, import and production records showed. Imports of china, principally from Japan, are now entering the United States at a rate of over five times domestic annual production, Mr. Wells adds.

The inroads of imports in West Virginia pottery employment are reflected in State unemployment figures. The West Virginia industry lost 900 workers between March 1953 and March 1954, the State's Department of Unemployment Security reported. The State labor bureau also reported weekly hours and wages down over 12 per cent over the same period.

"American dinnerware craftsmen are trained specialists; their skill is adapted exclusively to the production of clay products," Mr. Wells continued. "The average age in the industry is well over 45."

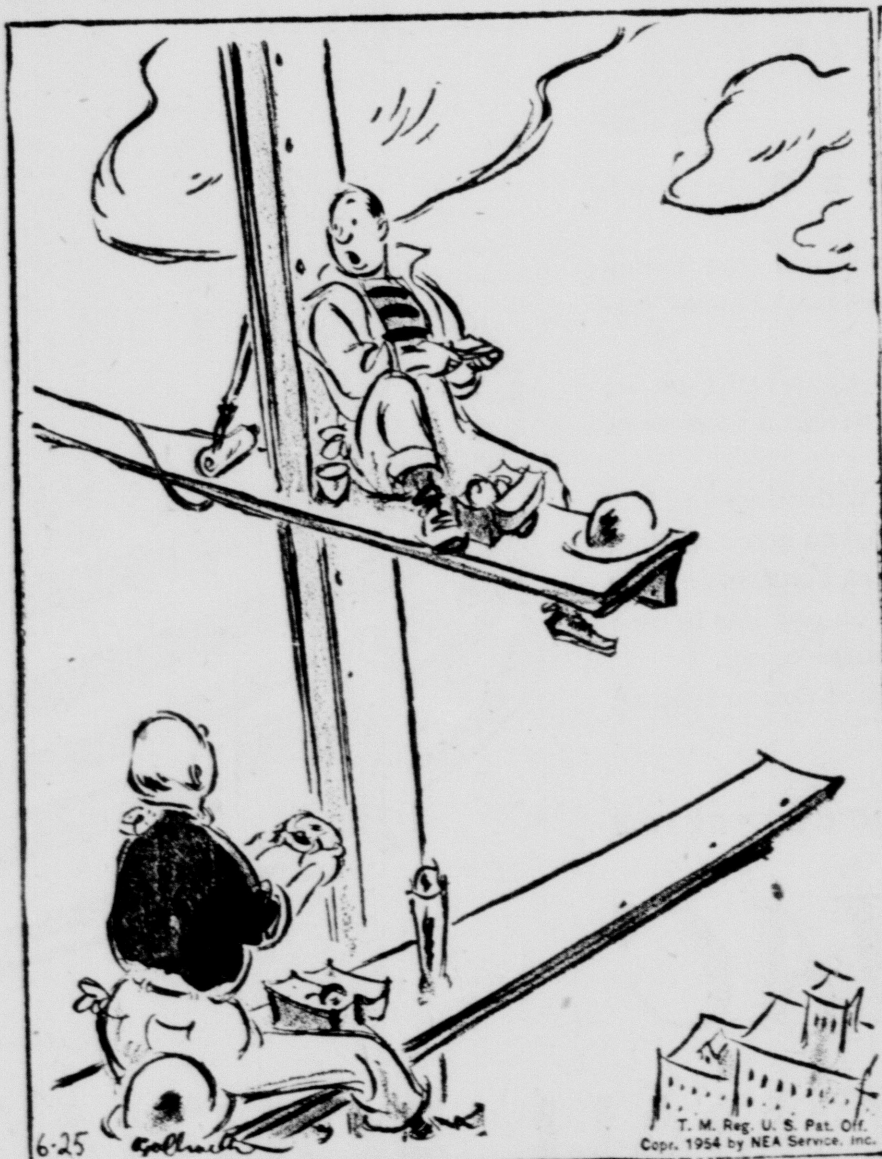

"When the situation reaches the point where men and women who have devoted a lifetime to their jobs are becoming economically helpless because of uncontrolled

imports, then it is time to readjust our concept of foreign trade. Either we must reduce the volume of competitive imports or lose our means of livelihood."

"Full employment in the many industries such as pottery, which are depressed by excessive imports means a greater market for automobiles, electrical appliances, office machinery, etc., than those exporting industries can possibly develop abroad," he concludes.

The great Rift Valley, an unexplained gash in the earth's surface, extends from Lake Victoria in Uganda, through Ethiopia to the Dead Sea and can be traced still farther north.

## Let Us Prey!

## Russian Tradition Of Expansion

By GEORGE SOKOLSKY

The tradition of Russian conquest, from earliest times when the Duchy of Moscow expanded into the territories of its neighbors,

has been to move in all directions until its efforts were arrested. Thus Siberia was taken because no force existed in that vast expanse to prevent it from being taken. The expansion toward the Pacific was the achievement of Muraviev Amurski, a freebooting Cossack, who was not resisted.

The Ukraine became Russian but Poland avoided conquest for a while by resisting and Russia only gained that country in the course of four alliances, the last being with Hitler's Germany. When Turkey resisted, Russia's advance into South Asia was arrested.

BOTH CZARIST and Soviet Russia preferred to roll like a snowball rather than to fight an aggressive war. In the conquest of China, Rumania, Hungary, Bulgaria, Poland and Czechoslovakia, the Soviet universal state employed the Marxist church as an instrument of war.

In Korea, resistance was encountered and that issue is not settled. In Indochina, resistance was encountered and that issue is not settled. Should the resistance cease, these countries will become part of the Soviet universal state through the accumulation of adherents to the Marxist church.

When the Russians and their satellites use the term, peace, they mean what we call war, namely, the conquest of territory and peoples. The reason why they call war peace is that the accumulation of territory by the Soviet universal state is achieved by what to them is a voluntary action, namely that adherents of the Marxist church, having infiltrated the government, educational and labor organizations gain sufficient power by means of united

fronts to produce a People's Republic.

THE PEOPLE'S REPUBLIC is a device of conquest. It is the camel's nose under the tent flap which in time becomes an occupation. Not a single instance can be cited of a People's Republic failing to become a Soviet satellite.

If the instance of Yugoslavia comes to mind, it is not to be forgotten that Yugoslavia is a schismatic Marxist state. Should France, which has an enormous and effective Communist in its cabinet, an attempt will be made to reconstruct various United Fronts in the hope that People's Republic (sometimes called a People's Democracy) can be organized. In Guatemala, a People's Republic is, in effect, in existence, although an impression to the contrary is being given.

The test of true adherence to the current line of the Marxist church is emphasis on peace. Every public reference must be to peace. The objective of such peace is to achieve by voluntary action, if possible, the adherence of all countries throughout the world to the Soviet universal state.

Thus, the Communist party of Indochina, once it comes into possession of any part of that country, adheres to the Soviet universal state automatically. The same is true of East Germany, of North Korea. It could be true of any country.

The existence, in any country, of a Communist party, overt or disguised by means of the use of some

other name, means that United Fronts can be organized, that a People's Republic can be arranged and a country can be conquered from within, utilizing natives as a political force.

THE COMMUNIST PARTY exists in each country nominally as a national political party, concerned with the internal affairs of the country in which this party exists. For many years, these various political parties were members of the Third International, generally referred to as the Comintern. During World War II, the Comintern was nominally abolished, its place being taken by the Cominform.

During the existence of the Comintern, leaders of the various national parties expressed themselves with considerable freedom on fundamental party questions. Since the abolition of the Comintern, the various national parties have come under the complete control and domination of the Kremlin.

It was the apex of Stalin's power that he finally mastered such national leaders as George Dimitroff of Bulgaria, Earl Browder of the United States, Ana Pauker of Rumania, Thorez of France was kept in Russia, as a sick man, until Duclos became master of the French party.

In a word, the various national Communist parties were subdued until they became not only instruments of an international political group of parties but branches of the Russian Communist party. That is the situation today.

## Without Notice

By TRUMAN TWILL

Subject to revision without notice are the following adages and beliefs:

That the truth will come out if a group of representative Americans can be persuaded to get around a table and discuss things face to face. It didn't happen that way in Washington recently.

The world will beat a path to the door of the man who makes a better mousetrap. The man must beat a path to the door of the people who know how to put better mousetraps on the market.

A soft answer turneth away wrath. What a soft answer turneth away is the sympathy of the people in the back row who expected excitement and were cheated because they couldn't hear anything.

There is no fool like an old fool. For every old fool now trying to set a world record, there are a dozen young ones who can do it without breathing hard.

Fair play and sportsmanship will win through in the end. This one went out of style when it became common practice in baseball to heckle from the dugout by slurs and innuendoes and to let fly with a high, hard one occasionally at the batter's head—to keep him "loosened up."

If other people knew us Americans better they would love us. We have given other people ample opportunity to know us better and to love us. But familiarity breeds contempt.

Absence makes the heart grow fonder. Here again, it must be remembered that things which are out of sight are out of mind and absence is the common cure of love.

The early bird gets the worm. What the early bird gets is the sun in his eyes and rheumatism from traipsing about in clammy moisture. Your smart bird waits

until someone fills the bird feeder about 10 a.m.

A straight line is the shortest distance between two points. Geometricians foisted this one on an unthinking world. The truth is, the shortest distance between two points is the longest way around, proximity is the mother of invention, two heads are better than a routine story about the weather, once bitten is twice inoculated, a new broom gathers no moss, old friends sweep clean, one man's wife may be another man's poison.

Everybody despises fat men, necessity breeds despair, nothing is so rare as a rare day in June, discretion is half the battle, most things put off till tomorrow will never happen, fish and house guests do not smell after three days unless taken out of the freezer, every dog has his favorite chair, the proof of the pudding is whether or not the dry cleaner can remove the spot, anyone who loves his enemy can look forward to a congressional hearing, a closed mouth is a sign of surrender and blood is no thicker than blackstrap molasses.

These too are subject to revision without notice. You cannot be sure of anything any more.

## So They Say

How can a scientist risk advising the government if he is told that at some later day a security board may weigh in the balance the degree of his enthusiasm for some official program, or that he may be held accountable for a failure to communicate to the scientific community his full acceptance of such a program? — Lloyd Garrison, Dr. Oppenheimer's attorney.

He (Sen. Joseph R. McCarthy) is only an archangel of darkness, not the devil himself. — Publisher Mark E. Ethridge.

# Once Over

By H. I. PHILLIPS

## Cinderella, 1954

Once upon a time there was a beautiful young woman who did NOT live with two stepisters, but did okay, nevertheless. She did her share of the housework, with plenty of broom work and her stretch at washing dishes. She helped peel the potatoes, lent a hand around the farm and knew what a rake, spade and hoe were for. She was called Cinderella, but that came later and only in the tabloids.

Early in life she realized that life in the sticks would be just one spell of monotony after another, give or take a few square dances and the acquaintance of the boys who hung around the ice-cream parlor and played pinball.

Cinderella had heard that opportunity knocked on the door but was too smart to listen for loud raps and could move on signals without resorting to hearing aids. It came to pass that a Fairy Godmother came upon her and asked, "What is the trouble?" "I would like to get out of here and go to the big city," said Cinderella. "Have you a pumpkin?" asked the Fairy Godmother. "I have nothing else but," replied Cinderella, and immediately the fairy took one end, with a few passes, made it into a golden coach. "Have you any mice?" was the next question. "If we ain't got mice those cats must have been catching elephants," said Cinderella. "How are you fixed for lizards?" asked the Fairy Godmother.

"I am fresh out of lizards," said Cinderella. "I'll accept that answer," said the Fairy Godmother, immediately turning the mice into white horses and transforming into footmen a few lizards which she always kept for emergencies. "Where am I going?" asked Cinderella.

"A great prince is giving a ball and you are going to it," said the Fairy Godmother.

"I'm a big girl now," said Cinderella. "I'll take a train ticket East instead, I want to go places, but not to a Coney Island Mardi Gras." The Fairy Godmother didn't like her attitude.

So Cinderella went to the big city and presently was in the Stork Club at the biggest parties meeting the biggest people, with mice, lizards and pumpkins rating no credit lines whatever. It came to pass that she met one of the richest princes in all the world. He fell in love with her. "I am supposed to hunt all over Manhattan for you with a silver slipper, it says here," said the Prince. "But will you be mine, regardless of your foot size?"

"What was the name again?" asked Cinderella.

"Rockefeller," said the young man. Just then the big clock struck 12 and you never heard such a crash as Cinderella leaped up and beat the stuffing out of it. She knew her Aesop. But she also knew what year it was.

And so they were married. But then an awful thing happened. The Fairy Godmother appeared and waved a mean wand. "I'll teach you to reject mice, pumpkins and lizards," she said. And—presto—the husband disappeared. Cinderella had nothing but 6 million dollars, one of the finest penthouse homes in the big city some top lawyers who would not be paid off in pumpkins. All in all it wasn't strictly Aesop. But it wasn't half bad.

Rocky Marciano is a fighter who kills the notion that the old-fashioned barroom brawl is dead. . . If Ezzard Charles fights him again he should have "air cover."

## Looking Backward

FROM THE NEWS FILES

FIVE YEARS AGO — The bell in the First Baptist Church will sound the call to worship Sunday morning for the first time since the disastrous fire which swept the old Lincoln and State St. church April 5, 1947.

Mrs. Russell Moore, Mrs. Charles Matveit, Mrs. Wallace Duncan, Mrs. Ernest Horton and Mrs. Cecil Kerr were in Akron Wednesday to attend the annual pilgrimage of the Ohio Garden Clubs.

Mrs. E. S. Huffman of Franklin Road, member of the Salem Garden Club has been given national recognition as a flower arranger by popular vote of members attending the recent National Council convention in Portland, Ore.

TEN YEARS AGO — Sales of War Bonds in the Fifth War Loan Drive, boosted Salem's quota just past the halfway mark after 11 days, with a total of \$1,132,481.75. Carl Willman is chairman of the canvassing program.

A reception and shower was given at the Saxon Country Club honoring Mr. and Mrs. Robert J. Sullivan, who were married June 15 in St. Aloysius Church in East Liverpool. Rev. Fr. Francis Lavery officiated at the ceremony. The bride is the former Irene Schmidt.

Mrs. Fred Kibler of E. Peshing St. entertained 14 girls and boys at Centennial Park honoring the eighth birthday anniversary of her son, Tommy.

TWENTY FIVE YEARS AGO — Carl Clay was elected illustrious master of Omega Council No. 44, R. & S. M. at a meeting at the Masonic Temple.

Gene Young, son of Mr. and Mrs. H. W. Young of Highland Ave., left for New York where he will sail on the liner Calgaric for Iceland, Norway and Sweden. The Salem boy, a student at Denison University, is with a party of 20 Denison students. Charles West, professor of political science, is chaperone.

Mr. and Mrs. Richard Wilson, whose marriage was a recent event, were guests at a dinner given by employees in the Salem Publishing Co. offices at McKinley Inn.

FORTY YEARS AGO — Lack of any definite action regarding his recent suggestion that the immense body of water in the Country Club lake west of Salem be tapped as a reserve supply in case of a serious fire in the city, has prompted a second public letter from W. H. Mulins, who again urges that this or some other means be adopted.

The marriage record at Lisbon shows 10 licenses have been issued since the last publication, and if the next three days of the month continue to be as brisk, the month of June 1914 will hold the banner for weddings.

## Mr. And Mrs. Joe Armeni Return From Honeymoon Trip

Canada and the New England States were included in the honeymoon trip recently concluded by Mr. and Mrs. Joe Armeni. They are at home now at 474 Aetna St.

The bride, Rosemarie Ieropoli, daughter of Mr. and Mrs. Joseph Ieropoli of Lisbon, and the son of Mrs. Catherine Armeni of 476 Aetna St. pledged their vows in the double ring service presided over by Rev. Fr. Edward Dierker, St. George's Church in Lisbon. The scene of the nuptials which took place Saturday, June 12, at 10 a.m. in the chancel and satin ribbon on the pews added to the setting.

Tom McKenna of Lisbon, soloist, sang, "Ave Maria" and "Mother Dear."

The bride was gowned in white satin and net overlaid with a pattern of lace. The fitted bodice was fashioned with a princess collar, and the long sleeves were pointed. Satin, net and lace in the bouffant skirt ended in a cathedral train.

A lace bonnet held the bride's full length veil in place. She carried white roses in her bridal bouquet.

## Winona Vacation Bible School Closes

The daily vacation Bible school at Winona closed Saturday evening with a program of songs, stories and playlets presented by the classes. The children were given certificates by Mrs. Ellen Brantingham, director of the school.

The hand work made during the classes was on display. Rev. Earl Brooks of the Methodist Church and Rev. Paul Brantingham of the Friends Church participated in the closing program.

The average attendance at the school was 103. The highest attendance for any one day was 108. The Friends Church, Methodist Church and Friends Meeting cooperated in the school project and classes were held in all three buildings.

Among those that assisted and taught were the chairman, Alice Satterthwaite; director, Ellen Brantingham; secretary, Leora Stamp; treasurer, Pearl McLaughlin; pianist, Helen Noling.

Teachers — Beginners — Wanda Holmes, Glenda Lyons, Twila Green, Ruth Johns, Donna Rhodes, Hazel Smith, Sina Mergal, Kathryn Smith and Yvonne Cunningham.

## Open Church Wedding For Marylen Herold

Custom of open church will be observed for the wedding of Miss Marylen Herold, daughter of Mr. and Mrs. Raymond Herold of Washingtonville, and Kenneth Compton son of Mr. and Mrs. Raymond Compton of Washingtonville, which will occur Saturday at 7 p.m. in the Locust Grove Baptist Church.

Friends and relatives are invited to the reception.

## Engagement Announced

Miss Lois Bruckner

Mr. and Mrs. Fred Bruckner of Maple St. announce the engagement of their daughter, Lois, to Vince Citino, son of Mr. and Mrs. Frank Citino of Leetonia.

The bride-to-be is a graduate of Salem High School and attended Kent State University where she was a member of the Gamma Phi Beta Sorority. She is now completing a course in medical technology at Western Reserve University.

Miss Bruckner's fiancé is a graduate of Leetonia High School and is now serving in the armed forces at Fort Knox, Ky.

No date has been set for the wedding.

For her daughter's wedding, Mrs. Oyer wore gray lace with pink and navy accessories. Mrs. Walter was attired in aqua lace with red accessories. Both mothers wore corsages of pink roses.

At the reception in the home of the bride's parents, Miss Wanda Stewart, who presided at the guest book, registered 175 guests from Akron, Canton, Mineral City, Carrollton, East Rochester, Alliance, Hanoverton, and Kensington.

Centering the elace covered table was the three-tiered wedding cake, which was topped with a bride and groom figurine. The cake on a mirror, was placed within a circle of pink roses and ivy entwined on pink lace.

The cake, which was baked and decorated by Mrs. Oyer, was served by Mrs. Helen Kibler, Mrs. Ruth Stewart, Mrs. Joseph Kibler and Mrs. Cecil King.

The new Mrs. Walter wore a summer navy taffeta with white accessories for her going-away outfit. The couple will honeymoon this weekend at Niagara Falls.

Mr. and Mrs. Walter are graduates of Augusta and Minerva High Schools, respectively. The bride is employed as office secretary by the Minerva Milling Co., and her husband is employed by his father at the Maligas Station in Minerva.

The couple will reside in their trailer home on the Walter property in East Rochester.

## New Floor Care Ends Waxing

One of the most difficult jobs on housekeeping is to keep linoleum and asphalt tile floors waxed and gleaming. Now, thanks to Glaxo, it is no longer necessary to wax and scrub. All you do is apply Glaxo with a brush about twice a year. It maintains a high lustre, non-slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work plus truly a beautiful floor. Glaxo is available at Strouss Hirshberg's.

# Athletics Trip Indians 5-1; Yankee Series Opens Tonight

## Stengel Sees Games Crucial

Garcia To Oppose Reynolds Tonight

CLEVELAND (AP)—To Casey Stengel, it's "that big series in Cleveland." Al Lopez calls it "a crucial weekend, but certainly not one of those do-or-die times."

No matter how they described it in separate interviews with newsmen, there was little doubt that Managers Stengel of the Yankees and Lopez of the Indians view with respect the three-game series their teams open here tonight.

"Sure, the Indians are tough," conceded Stengel whose men have a 4-4 record against Cleveland this year. "But we're playing well enough."

Here, Stengel referred to New York's current won-lost percentage of .627, right now behind Cleveland's .692, but good enough to win the pennant for the last five years.

Manager Lopez, however, had a ready answer for that sort of speculation:

"I don't care what percentage New York had the last five years. It doesn't matter, so long as ours is bigger."

Separated by four games, the first place Indians and the third place Yankees plan to send their best pitchers to the mound in the series. For New York, it will be Allie Reynolds, Ed Lopat and Whitey Ford. For Cleveland, Mike Garcia, Early Wynn and Bob Lemon are scheduled.

Garcia and Reynolds, facing each other in tonight's opener, each has a seven game winning streak going.

The Indians lost the rubber game of their three-game series with the Philadelphia Athletics yesterday, 5-1.

Art Houtteman, missing his opportunity for his sixth straight victory, was removed for a pinch hitter after Philadelphia got four runs on four hits in the third. One of the four batters was a two-run homer by Lou Limmer.

Joe Demaestri, who opened the important third with a single, slammed a homer with none aboard in the fourth off reliever Ray Narleski.

Cleveland's run came in the third when Hal Naragon walked, went to third on Dale Mitchell's single and scored on a roller by Al Smith.

## Jack Dempsey Celebrates 59th Birthday

By MURAY ROSE

NEW YORK (AP)—This was Jack Dempsey's 59th birthday and the boxing writers and old friends of the Manassa Mauler gathered at Jack's restaurant on Broadway to say Happy Birthday to the "Champ."

Still blackhaired and trim at 225 pounds, some 40 over his best fighting weight, the Mauler moved restlessly about, signing autographs and posing for pictures.

But it was different some 37 years ago when Jack visited the Big Town looking for work. It was a cold town to Jack then.

"If it wasn't for the free lunches in some of the bars then I might of starved," said Jack as he puffed on a fat cigar.

"They had piles of hard boiled eggs, too, and if you had a chance you could put four or five in your pocket and on those you could eat for a week."

The old Mauler stroked his black-jawed chin and bit into a thick steak.

Year by year the Mauler's popularity grows.

"I toured the world," said Nat Fleischer, the Ring Magazine editor who was sports editor of five different New York papers at one time or other when Jack was on the rise. "Everywhere I went, they asked about Jack Dempsey."

What was his toughest fight? "Getting some money from Jack (Doc) Kearns," said Jack with a laugh. Kearns was Dempsey's free spending manager. "He used to give cab drivers \$1,000 tips."

How would he have made out against Joe Louis? "He was too good, too good," replied Jack.

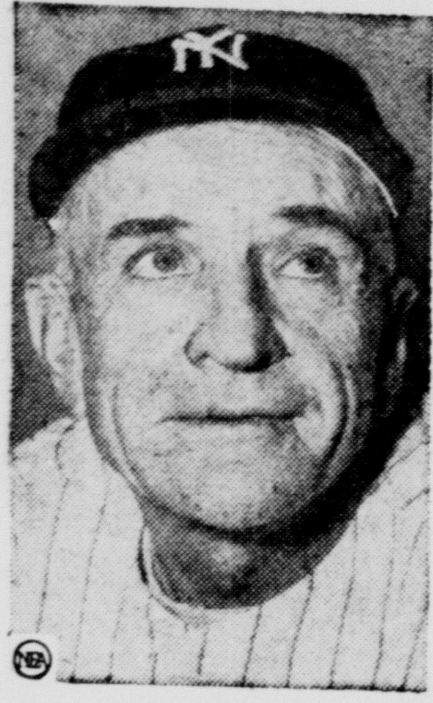

Marciano? "Too good, too good," said Dempsey again.

This from the man who was named "The Fighter of the Half Century" in The Associated Press poll of sports writers and sportscasters.

"He would have knocked them both dead," volunteered a grey-haired bystander who came over to shake Jack's hand.

The late Bill Klem appeared as an umpire in 18 World Series. His first post-season assignment was in 1908 and his last in 1940.

## Sam Snead To Pass Up British Open Tourney

NEW YORK (AP)—Sam Snead has decided to pass up the British Open golf tournament scheduled at Royal Birkdale July 5-9.

The Masters champion, winner of the British crown in 1946, announced that the neck ailment which handicapped him in the U.S. Open last week would not permit him to play.

Snead finished 12th in the U.S. Open with 290, six strokes behind the winner, Ed Furgol.

NEW YORK (NEA) — The big clock on the scoreboard in right-center showed a couple of minutes before noon when the first Yankees came up the dugout steps and began to spread over the field. The sun gleamed on the green field and the now empty expanses of Yankee Stadium.

The players were, for the most part, clean shaven in this, the early morning for them. Their white home uniforms looked fresh. They reminded you of a well-dressed office worker when he checks in at nine o'clock.

They came out... Gene Woodling... Phil Rizzuto... Allie Reynolds... with a "who-doe-we-beat-today?" air about them.

Only Yogi Berra was different. The squat catcher got as far as the batting practice cage and began to talk.

"I knew that horse was perfect for that race," he jabbered. "I coulda toldja that ven before the thing started."

Most of those grouped around the batting cage didn't pay attention. They were too busy figuring out how they were going to keep him from noticing that it was his turn to hit next. But as soon as it was Yogi's turn, he jumped and shoved his way through the group and got into the cage for his licks.

CASEY STENGEL sat alone in the dugout. With nobody around to break his train of thought, it seemed the perfect time for The Professor to be doing some of his heavy thinking.

"I'm sittin' here enjoying myself," Casey said, however. "Just enjoyin' my own company."

"The boys," he went on, "has been comin' along fine. Everything is going along just like it says in that script I'm supposed to have and people can start talkin' about what a smart fella I am again."

Even Mickey Mantle, it was observed, had started to show his class.

"Yep," Casey said. "He's goin' along in style now. He's just hittin' that ball a long way. They'll stop booin' him now."

"And you know about that style business? Why, I put on a blue suit the other day — nice suit I've had for five-six years — and come walkin' out of the hotel and met this guy and the guy says to me, 'Why don't you come down and let me pick out a suit for you and show you how to dress?'"

"Well, there is one fella who doesn't think I'm so smart, I guess."

The subject was steered back onto baseball and Casey began to talk, not in the double-talk he has perfected for his luncheon and dinner engagements.

"THAT CLEVELAND CLUB is going to stay around and keep bothering us. I'd say that Rosen of theirs hits just as good at first as he did at third and that's an awful good hitter any place. They can pitch to you pretty good, too. That's the club we got to beat. I give them the real chance."

"Hey Yogi!" he yelled out to Berra. "You lose two hits by not running real hard to first yesterday. You know that, don't you?"

Out on the field, Berra turned around and smiled a bit.

"He knows. He knows, all right," Coach Bill Dickey said as he came into the dugout.

## Shea To Play Hartwig At Wimbledon

By TOM OCHILTREE

WIMBLEDON, England (AP)—The first important American-Australian singles clash of the Wimbledon tennis tournament comes up today and for those seated close enough it should sound almost like a debate.

Gil Shea of Los Angeles, with a sunburned face and close cropped blond hair, goes against Rex Hartwig, ranked fourth from Down Under.

Shea is listed 19th in the U. S. Lawn Tennis Assn. rankings and enters this match as the underdog.

When he nets a key point or sends drives flying beyond the baseline, Shea occasionally will mutter a few words to himself. But he is monosyllabic compared with Hartwig. The Aussie keeps shouting to himself "careful now. Don't do that. Watch for a lob. I'll have to stop over-hitting."

Today's program gives the four big guns of the tournament—Tony Trabert of Cincinnati, Vic Seixas of Philadelphia, and Lew Hoad and Ken Rosewall of Australia, the day off in the men's singles division.

Trabert and Seixas take on Britain's Roger Decker and Tony Pickard in the doubles. Hoad and Rosewall go against the Swedish pair of Lennart Bergelin and Sven Davidson.

Unseeded Philippe Washer of Belgium produced the first big surprise when he eliminated Art Larsen, San Leandro, Calif., 10-12, 7-5, 6-2, 9-7 yesterday.

Lulu Perez Favored Over Basset Tonight

NEW YORK (AP)—The little men step into the Madison Square Garden spotlight tonight with classy Lulu Perez of Brooklyn rated a 1-3 choice over experienced Percy Basset of Philadelphia in a featherweight elimination bout.

The winner may get a crack at featherweight champion Sandy Saddler and because of the importance of the scrap the distance has been increased from 10 to 12 rounds. The state athletic commission will recognize the victor as the No. 1 contender.

Why the hard-hitting 26-year-old Basset is such a big underdog is hard to understand. It's true he lost his last two fights but they were to Cisco Andrade and Orlando Zulueta, two high-ranking lightweight. His overall record is 61-10-1 with 39 knockouts.

Perez, on the other hand, has won three in a row. He avenged a defeat by Davey Gallardo, stopped former champion Willie Pep in two rounds, and outclassed Mickey Mars. His record is 36-2 with 20 knockouts.

Ted Kuszewski of the Cincinnati Redlegs received the most votes for the 1953 All-Star game—1,652, 803.

## Giants Trip Braves 2-1

White Sox, Yankees Win, Gain On Tribe

By BEN PHLEGAR

AP SPORTS WRITER

The "dream" deal of the winter is proving nothing but a summer nightmare to the Milwaukee Braves.

By now the Braves' officials reach for the aspirin bottle automatically whenever they are forced to remember how much they gave for so little.

Johnny Antonelli, Don Liddle, Ebba St. Claire, Billy Klaus and cash were parceled off to the New York Giants for Bobby Thomson and Sam Calderone.

This was supposed to be the trade that could take the pennant away from Brooklyn. It may succeed—but for the Giants instead of Milwaukee as freely predicted.

It's difficult to believe now that many experts hailed this as an even swap. The experts, of course, didn't know Thomson was going to break his ankle in spring training. But even with Thomson in shape it is questionable that the deal would have seemed as good on the diamond as it did on paper.

For the Giants Antonelli has won nine games. Liddle has won two. St. Claire is catching at Minneapolis where Klaus is playing second base and hitting over .300.

For Milwaukee, Thomson has been hurt since March 13. He will be out another month at least. Calderone lost the second string catcher's job to rookie Charley White and has played just one full game and parts of nine others.

In 14 times at bat he has 5 hits for a .357 average.

Moreover Antonelli has beaten the Braves three times in three tries. Liddle pushed them into fourth place yesterday with a sparkling 4-hit 2-1 victory.

Liddle's masterful performance kept the Giants one game ahead of the Dodgers who beat Cincinnati 9-6. St. Louis trimmed Pittsburgh 5-1 and Philadelphia shaded Chicago 3-2 in 11 innings.

Cleveland saw its American League lead shrink to two games over the Chicago White Sox. The Indians lost to Philadelphia 5-1. Chicago defeated Washington 5-2.

Third place New York moved within four games of the leaders with a 11-2 waltz at Detroit. Boston and Baltimore weren't scheduled.

## Pidgeon Resigns From Polo Team For Business Reasons

The Salem Polo team, already in the throes of a disappointing season, received another bad break yesterday when their high scorer, veteran Jim Pidgeon, resigned.

Sparking the team all season with his consistent goal-producing, Pidgeon said that pressing business obligations, especially in the light of his father's recent death, made the move necessary.

Pidgeon's best effort of the year was two weeks ago when he tallied seven times in pacing the locals to their only triumph.

One of the league co-champions last season, the local club was looking forward to a banner season. However, they lost three games, tying one and winning another.

This Sunday, the outstanding Youngstown - Poland aggregation comes to town for a big game. The club announces that, until further announcement, all games at the local field will start at 5 p. m. instead of 3 p. m. It is an effort to escape the blazing afternoon heat and make it more comfortable and convenient for fans to attend the game.

THE LOCALS will feature a revamped lineup Sunday.

Willy Smith will be at number one. Tony Sheen will move into Pidgeon's vacated number two slot.

League lead shrink to two games over the Chicago White Sox. The Indians lost to Philadelphia 5-1. Chicago defeated Washington 5-2.

Third place New York moved within four games of the leaders with a 11-2 waltz at Detroit. Boston and Baltimore weren't scheduled.

At present Lloyd Brunner is the only alternate remaining on the squad, although he is recovering from a badly cut hand suffered in a freak accident last week.

Harry Fricke, the team's other alternate, used Pidgeon's mounts and will be sidelined until further arrangements can be made for him, club officials said.

A touted newcomer, Harrison Hartman of Akron, will join the team this week and take over the important number four hole. A former star with the Cleveland team, Hartman will bring five mounts with him to Salem.

# Nearly-Perfect Game Pitched In Softball Play

## Miller Registers No-Hitter As Old Timers Roll Over Goshen; Butler, Deming Also Triumph

A nearly-perfectly pitched game and a barrage of 45 runs on 45 hits marked play in the City Softball League last night at Joe Kelley Field.

Hank Miller, Old Timers' hurler, came up with the most brilliant pitching job of the season, a no-hitter in which only one man reached first.

Meanwhile his teammates overwhelmed Goshen Grange 19-0. Deming rode over Mullins 9-1 in a crucial game for both squads as far as the league standings are concerned, and Butler Grange remained in second place with an 11-5 triumph over Leetonia.

Only a walk kept Hank Miller from attaining the goal of all pitchers, the perfect game. He struck out four. It was the first no-hitter in the league since Salem Tool's Bill Herman hurled one on opening night.

Meanwhile, the Old Timers were combining Goshen for 19 runs on 13 hits. They scored eight times in the first, twice in the second, four in the fourth and five more in the fifth.

Every man in the Old Timers lineup scored at least one run and every player except one got a hit. Jack Krepps led the parade with three hits, including a double and triple. George Bergman and Beanie Allison each had two hits.

**Deming 9, Mullins 1**

Dave Ehrhart came up with a neat three-hitter to spark Deming to its win in a battle between two of the league's powerhouses.

Racking up a total of 10 hits, Deming had two big innings, a four-run outburst in the second and a three-run rally in the fifth to win going away.

Mullins' only tally came on Roland Hall's homerun. Hall had two of Mullins' three hits. For Deming, Ed Duco had three hits to lead the attack, while Dick Wyss added a homerun for the winners.

**Butler Grange 11, Leetonia 5**

A wild seven-run third inning enabled Grange to overcome a 4-2 deficit and take the game, thereby retaining its second place standing in the league.

Al Landwert was the big RBI man for the winners, blasting two triples. Winning pitcher Glenn Mercer, who also had two hits including a round tripper, struck out seven and allowed nine hits in recording his 7th win of the season. Butler collected 10 hits.

Mike Gallo had three hits for the losers while Sam Tingle and Dick Briden had two each.

In Class B action yesterday, Bloombergs won on a forfeit from DeMolay.

**GRANGES TO PLAY**

Butler Grange will play Lisbon Grange at Lake Placencia Sunday afternoon at 2 in third round action of the Columbiana County Grange tournament.

**WETHERSFIELD, Conn. (P)**—While many of the nation's top golf pros were buzzing today about a spectacular round posted by Dr. Cary Middlecoff, the Tennessee dentist appeared more excited about getting support for his plan to pick the golf player of the year.

Middlecoff shot a 6-under par 65 yesterday to pace the opening round of the four-day, 72-hole \$15,000 Insurance City Open. He posted the 6,561-yard Wethersfield Country Club course for 31-34-65, which included six birdies, and missed eight others, three of them when the ball rimmed the cup and bounced out.

Had any one of those missed birdies stayed in, he would have equalled the course record of 64, registered last year by Jim Turner, a Briarcliff, N. Y., who opened with 69 yesterday. Nearest to Middlecoff, however, are Earle Stewart, lanky Texan, and Leo Biagetti, Sandusky, Ohio, with 68s.

Defending champ Bob Toski, Livingston, N. J., carded a 70, along with 15 others, including Gene Littler, Palm Springs, Calif., runnerup in last week's National Open. Eighteen hole rounds are scheduled today, tomorrow and Sunday.

Middlecoff, shaking off congratulations, said his plan was designed to reward the foremost competitors for sustained excellence in all competition under all conditions.

**Hunting Club To Hold Rifle Shoot Sunday**

The Salem Hunting Club will hold a 22 rifle match Sunday at 2 p.m. at the club range. Prizes will be awarded in 15 rounds of shooting.

Dave Kirby and O. F. Birkhimer will be in charge of shoot which will be open to public.

## Late Model Cars To Race At Canfield

The late model cars will be in the spotlight at the Canfield Speedway tomorrow evening.

Five races are scheduled with the 100-lap event on the quarter-mile track featuring a purse of \$3500. Most of the cars which appeared in the 100-miler on the half-mile oval Memorial Day will be back in action.

Heading the list of drivers entered are Mike Klapak of Warren and Herchel White of Chicago.

Other drivers who will be on hand Saturday are the first and second place finishers on Memorial Day, Buckie Sager and Jimmy Romine, along with Iggy Katona, Paul Parks, Bob Gieer, and Nook Walters.

## Mullins Nips Eljer 8-7; VFW Defeats Electric Furnace 6-1

In Little League action Thursday at Centennial Park, VFW beat Electric Furnace 6-1 and Mullins nipped Eljer 8-7.

VFW hurler Morlan limited Furnace to two hits in recording the win. VFW scored three times on three hits in the first inning and twice more in the second to coast home.

In the other game, Mullins came from two runs behind in the last inning to bag the victory.

Mullins registered five runs in the second inning, but Eljer countered once in the first, twice in the second and four times in the fifth to lead 7-5 going into the final frame.

The big blows in the last stanza were a double by Bobby Lehwald and singles by Early and Birchfield, the latter sending Lehwald home with the winning run.

Lehwald was the winning hurler, allowing only seven hits. The winners collected a total of 13 safeties. Lehwald and Early each had three hits for Mullins while Kendra and King had two each.

Louden and Brown had two apiece for the losers.

The schedule for next week's makeup listing of rained out games is:

Monday — Sekely vs. E.F.; VFW vs. Mullins.

Tuesday — Fisher vs. Sekely; EF vs. Eljer.

Thursday — EF vs. VFW.

## Giants' Question Marks Prove Selves As Squad Rolls Ahead

**By GAYLE TALBOT**

NEW YORK (P)—Three months ago, when the official odds were 6-1 that the New York Giants would not win the National League pennant, several big questions remained to be answered about Leo Durocher's club, which had finished a dismal fifth last year.

Would Johnny Antonelli, obtained from Milwaukee, give the Giants the lefthanded ace they so badly needed and generally bolster a veteran pitching staff which was showing serious signs of wear?

Would Willie Mays, after nearly two years of Army food and second-class baseball, come back to play as brilliantly as he did in sparking the Giants '51 "miracle team" to a flag?

Those were the two main questions, though there also was some doubt that Davey Williams' chronic back trouble would permit him to play a steady second base, and Durocher would have liked to go into the race with some regular rightfielder other than Don Mueller. Added up, they caused a vast majority of Giant fans to keep their betting money in their pockets.

Now that the answers are in and their team is tearing along at the head of the parade after a sensational three-week spurt, the Polo Grounds faithful can only kick themselves for not having foreseen the turn of events. It would be difficult to get better than even money bets now.

Antonelli, with his 9-2 record, finally is living up to the \$75,000 bonus that the Boston Braves paid him to sign when he was fresh out of a Rochester, N.Y., high school. He's just turned 24, and catcher Wes Westrum declares he gets better each time out. He's "made" the Giants' staff.

As for Mays, the 23-year-old Negro from Alabama looks as though he had never been away. He is bigger and better in every way. He is hitting a longer ball than he did in '51 and his batting average is much higher. He is terrific afield and on the bases, and the uplift he has given his teammates is a real and tangible thing.

Williams' back is vastly improved and he is teaming solidly with Al Dark around second. Mueller is enjoying the best season of his career and has been up among the league's batting leaders ever since the race began. Leo no longer is looking for a right fielder. The only thing the Giants obviously lack is a hitting catcher, and Westrum didn't exactly hold them back in '51.

Brooklyn fans rabidly resent the publicity Willie's more amazing feats have received and contend that in Duke Snider they have a centerfielder who can do everything Willie does, only better.

"Which," they always demand to know at a certain point, "would you take if you had a choice — a

guy who's been hitting up around .370 all year (Snider) or a kid who only just got his average above .300? And don't try to tell me anybody can go get balls that Snider can't."

This is a difficult one to answer. But we would take Willie, and so, we have a strong feeling, would a majority of big league managers who have played against the two clubs this year. We feel that Willie provides a greater inspirational force for his club than does Snider.

## Washingtonville Drops First Game

The Washingtonville Boosters dropped their first game of the season in the Austintown Colt League Thursday, a 3-2 thriller to Girard at Washingtonville.

The game was featured by excellent pitching and defensive outfield play on both sides.

Red Bell, making his first appearance on the mound, struck out eight and allowed seven hits. Bob Gorman made a brilliant catch in center field to pull Washingtonville out of trouble at one crucial point.

Fred Less drove in both runs for the losers with a double with two on. Girard scored the winning run in the top of the sixth when an erratic throw hit a runner off third base.

## Sports Chatter

**By FRITZ HOWELL**

COLUMBUS, Ohio (P)—Bits of this and that about those games of ball—base, basket and foot—and kindred subjects.

Paul E. Brown, coach of the Cleveland Browns, wasn't such a hot fisherman on the annual four-day trip to Pelee Island last weekend. He forgot to take his portable radio along.

Paul's modus operandi in catching stizostedion vitreum (which the uninitiated call walleyed pike) is to toss a spinner overside, let out 125 feet of line, lock the reel, place the rod beside him, pick up his portable radio and listen to the Cleveland Indian baseball broadcasts.

The plan worked like a charm in former years. But this time, with no radio aboard the fishing boat, Brown held the rod in his hands and paid strict attention to his fishing. Result—he caught a couple of sheephead, which were tossed back, and a few snags. The rest of the party was more successful.

chances are he would have gone to the Chicago Bears in exchange for Curly Morrison, the former Ohio State great. Morrison is a great runner and punter.

Still on hand at fullback with the Browns is big Marion Motley, but he hasn't the intense speed he once boasted when he made the trap play a thing of beauty with the Browns. Motley may see some service at fullback, but the chances are he'll do most of his playing on defense.

Coach Brown, never too optimistic in his pre-season remarks, said this week before heading West for the wedding of his son, Robin: "Unless we pick up something good among our draftees, we could be in trouble this year—especially on defense. We've a lot of holes to plug. We'll do some scoring, as long as Otto Graham and Lou Groza can go, but we can't have a leaky defense and win any championships."

On a regulation baseball diamond, the pitcher's box is 60 feet 6 inches from home plate.

## Sen. Byrd Urges Rejection Of Ike's Request For Debt Hike

WASHINGTON — Congress should reject an expected renewal of President Eisenhower's request to hike the national debt limit ceiling, says Sen. Byrd (D-Va.), and should ban all new spending programs until the budget is balanced.

"Power follows the purse," Byrd told the National Council for Community Improvement, launching a drive for greater local self-reliance and less reliance on Washington.

"The more the federal aid the greater the authority of the federal government over local affairs," Byrd said last night in an address closing the one-day meeting of representatives of 60 civic, industrial and welfare organizations.

The council met to organize a campaign for establishment of local community councils which would embrace the individual organizations working for civic betterment. Some 400 delegates from 38 states attended.

"Creeping paternalism is just as bad as creeping socialism," Byrd declared, "and the end result is the same — the destruction of the principles of our free government."

"Citizens can and must think of federal spending in terms of the national interest and stop pushing programs of local interests or of the spending lobbies."

He estimated the federal government now spends some 3 billion dollars annually on 50 programs of aid to the states.

Byrd called on the council to work for reduced spending to balance the budget and for a moratorium on all new federal spending programs until the government is showing a surplus.

Byrd said the Senate should refuse again to increase the national debt limit, as it did a year ago. The House last year approved an Administration request to raise the legal ceiling of 275 billion dollars by 15 billions, but the Senate Finance Committee balked.

Byrd, who serves on the committee, said 275 billion dollars "is more than enough for us to owe."

"To reduce taxes on borrowed money, as we have been doing,

just does not make sense," the senator added.

Paul C. Stark, council president and head of the Stark Brothers Nurseries at Louisiana, Mo., told the delegates the work of several hundred community councils in Iowa and Missouri has demonstrated the need for "teamwork in the community to meet local problems with local resources instead of relying on the federal government."

"We believe the time has come to extend our program to help all communities to do the excellent job that has been done in the pilot states and communities," he said.

J. Edgar Hoover, director of the FBI, commended a program of communitywide action as a strong crime.

Marion B. Folsom, undersecretary of the treasury and a member of Eisenhower's Commission on Intergovernmental Relations, said the commission expects to deliver "constructive recommendations" for eliminating federal duplication of local functions.

"The fundamental importance of strengthening local governments will receive heavy weight in the commission's deliberations as it does in the Administration's program," he said.

President Eisenhower sent the organization a message saying: "If all our citizens, in their communities, will work together in a manner exemplified by your organization, there is indeed a bright future for our freedoms."

J. C. Penney, chairman of the board of the J. C. Penney Co., New York, was elected chairman of the board for 1954-5.

## Farmers May Apply For Wheat Allotment

LISBON — Farmers having land on which no wheat was seeded for grain for the past three years may apply for a 1955 wheat acreage allotment, according to George H. Pollock, chairman of the Columbiana County Agricultural Stabilization and Conservation Committee.

Pollock says a farmer who wishes to be considered for an allotment on a farm which has had no wheat seeded for grain in 1952, 1953 and 1954, must make written application to the ASC committee by June 30. Application blanks can be secured from the ASC office here.

Marketing cards which are necessary for wheat growers to present to buyers when selling their 1954 wheat are now ready, Pollock states.

## Four Youths Punished On Traffic Charges

LISBON — Three Columbiana County youths and one Mahoning County youth, all aged 17, were fined or had their driving privileges revoked when found guilty of traffic charges in Juvenile Court before Judge Louis Tobin Thursday.

A Salem boy, charged with passing without the assured clear distance, was fined \$25, and a youth from RD 3, Canfield, was fined \$15 for driving 60 to 65 miles an hour with an unsafe vehicle.

A youth from RD 1, East Palestine, charged with speeding, was prohibited from driving for social purposes for 90 days.

A Lisbon boy had his operator's license suspended for five months on a charge of speeding.

#### Junior Stitch & Chatter

Members of the Junior Stitch and Chatter Club met Tuesday at the home of the advisor, Mrs. George Hawkins, with Carol Karnofel as hostess.

Project work was done and group singing and games were enjoyed. Diana Greenawalt gave a demonstration of the correct way to shine shoes.

The June 29 meeting at 2 p.m. will be at the Hawkins home with Diana Greenawalt as hostess.

#### Lucky Clover

The Lucky Clover 4-H Club of Washingtonville met June 17 in the social room of the Methodist Church. A sewing demonstration was given by Judy Spear. Mary Less gave a demonstration on baking. Mrs. James Degnon, Leetonia School district health nurse, gave a talk on "good grooming." Refreshments were served. The next meeting will be held July 1.

#### Perry & Stitch & Chatter

Girls of Perry 4-H'ers and Senior Stitch and Chatter Club attended a laundry demonstration meeting Tuesday evening at the home of Mrs. Chester Cope on Franklin Rd. The hostess served refreshments.

#### Four Leaf 4-H'ers

The Four Leaf 4-H'ers held their sixth meeting June 14. There were 20 members present.

Discussions were made for a swimming party. Demonstrations on how to make sandwiches were given by Bonita Bartholow, Nancy Bradley and Celia Oertel. A Flag Day program was held with Lillian Lease as chairman.

The program started with a game led by Kathy Hrovatic. A story was read by Marjorie Allmon on "How We Got Our Flag." A poem was read by Rose Marie Ludwig. To close the program Beverly Turner played "Taps" on the clarinet.

Refreshments were served by Sandra Hall and Bonna Staufeneger.

#### Dutchtown Rangers

All 18 members were present at a meeting of the Dutchtown Rangers 4-H Club Friday at the home of Ray Moore in Elkton.

President John Clark conducted business. The 23rd Psalm and the pledge of allegiance were recited in unison.

Wayne Morris, Dean Bowman, Dale Rudibaugh and Bobby Wylie gave demonstrations. Tentative plans for a father-son

baseball game and a picnic were made.

It was announced that a "cheer-up" basket was given to Dick Bishop of Glenmoor, a victim of muscular dystrophy. Five dollars was given to the Christian Children's fund. Bobby Smith led indoor recreation and Mrs. Moore served lunch.

Safety will be the topic for the next meeting, July 2, at the home of Bobby Hillberry.

#### Calla Lilies

Verta Cook of Calla was hostess to members of the Calla Lilies recently. A meeting was held at the home of Barbara Thomas, Wednesday. Baseball practice was held prior to this meeting.

# New Defenses—In The Air And On Land And Sea

Newer and better defense weapons are constantly coming off the assembly lines. Shown here are four of the latest. The British "Crocodile" (top left), flame-throwing Churchill tank now undergoing tests at Salisbury, England. Picture shows remarkable distance that the flame can be thrown. The Swedish Navy's new "Plejad" motor torpedo boat (left center) is said to be the first ship ever designed to resist the effects of an atomic bomb. It has a displacement of 150 tons and a maximum speed of 40 knots. The U.S. Navy's new XHSS-1 anti-submarine helicopter (lower left) makes one of its first flights over Bridgeport, Conn. Basic anti-submarine equipment in the plane is a sonar unit which has an electric detecting device that may be lowered into the water while the helicopter hovers at low altitude. The 'copter has an extended range and can travel over 100 miles per hour. Now undergoing tests in El Segundo, Calif., is the U. S. Navy's A4D-1 Seahawk (lower right), the smallest and lightest jet combat plane ever built. It is capable of carrying an atomic bomb despite the fact that it's about half the size of most jet fighters. Speed and operational qualities are secret.

## Summer Jobs for Students Can Be Found In Great Outdoors

High school and college students wanting summer jobs in the great outdoors had better get going. Changing Times, the Kiplinger magazine advises.

Resort hotels are already hiring waitresses; the regional foresters in the west are scanning applications for fire fighters. High-schoolers, who generally don't go so far from home, are lining up jobs at everything from counselor at a day camp to tree surgeon's helper.

This is all to the good, say vocational counselors. Young men and women who will go through life as housewives, businessmen, doctors, accountants, get a broadened perspective by a bit of toil in the forest, or on the farm or in a hotel kitchen. So, if you are in high school or college, here are some places to look:

National forests — boys over 18 in good physical condition are eligible for fighting blister rust, bark beetles and forest fires. Preference is given to forestry students, veterans and those that have done heavy work outdoors. A number of just ordinary guys get jobs also.

Most of this work is in the northern Rockies and on the Pacific Coast. If interested, get to the nearest Post Office, and get and fill out Civil Service Form 60, giving especially your physical condition and any work experience you have had in the woods or on a farm (being a Boy Scout is not particularly helpful). Send the application in to the appropriate regional forester, not to Washington, D.C.

National Park Service — Boys over 18 are hired for trail crews, blister-rust control, fire lookout, etc. Preference is given those in good physical condition with outdoor experience and to veterans.

from Maine to Oklahoma that hire some help other than local residents. To get a list, write to the National Park Service, Washington, D.C., but don't send your application there. Obtain Civil Service Form 57 from a Post Office, fill it out and mail it to the appropriate national park superintendent.

Young men over 21 are also hired as seasonal ranger - naturalists, ranger - historians or ranger-archeologists, but these positions go almost entirely to those with advanced college training in the appropriate fields, students of forestry, geology, etc. Rangers must buy their own uniforms at \$75 to \$125. To apply, send Form 57 to the appropriate regional board of the U. S. Civil Service Examiners National Park Service. Region one is at Richmond 20, Va., Region two at Omaha 2, Neb., region three at Santa Fe, N.M., and region four at San Francisco 5, Cal.

Resorts in national parks and elsewhere — Girls college age and over are hired at many resorts as waitresses, hostesses, sales clerks, chambermaids, and kitchen helpers. Boys can get jobs as bellhops, caddies, and the like. Today the trend in dining room help is toward waitresses and away from waiters. Preference is given applicants with previous experience. Many are rehired year after year.

The National Park Service does not hire for any resorts. All hiring is done by the concessionaries. At Yosemite, for example, applicants should write to the Yosemite Park and Curry Co., or to Degnan, Donohoe, Inc. These two hire most from California. At Yellowstone, the concessionaire is the Yellowstone Park Co. It hires from all over but, of course, pays no one's transportation. For a list of national park concessionaries, write to National Park Service, Washington, D.C.

**ALL RESORTS**, whether in national parks or not, hire some seasonal help. For ideas, go to a travel agency and look at the folders. Then write, giving age, education, previous experience, period available, height and weight and (for waitresses) a picture. Better try several places because many hire only a few new workers each year.

Work camps — church groups all over the country organize young people for improvement work in slums and needy areas. One group will spend the summer in a rundown area paving streets or painting houses with material provided free. This kind of work is done extensively on Indian reservations. Cost to the student might be \$25 or more, and he or she should be provided room and board. For a list of such work camps, write to United Christian Youth Movement, 79 E. Adams St., Chicago 3, Ill. among the campers themselves, so you almost have to go to camp beforehand. The days are one when college students could get jobs on cattle boats going to Europe. Almost all seamen today are hired through union hiring halls.

**IF YOU ARE** a civil engineering student, you might possibly be lucky enough to get a summer job with the U. S. Coast and Geodetic Survey. Washington 25, D.C. helping make surveys for maps and charts. Only 60 or so are hired—a dozen for duty on survey ships, the rest for work on land.

If you can't find the right spot this year, next year you can do better. The trick is to have some salable skill or experience and then exploit it. If you can type, run adding machine, teach swimming, save lives, or wait table, you have a big edge on your competitors. Some of these skills you can get at school or you can work in your home town for experience this year and then have a better chance next summer of getting a similar job in the west.

It sounds like a lot of trouble, but if you do get a job fighting fires in Idaho or typing bills in Yellowstone, it will probably be an experience you can talk about for years.

The people of the United States had 26 per cent of the income of the world in 1938 and 40.7 per cent in 1948 says the Twentieth Century Fund.

## Merchandise Mart Honors Sears Official

Julius Rosenwald, merchant and philanthropist, who headed Sears, Roebuck and Co. for more than 25 years, has been elected to the Merchandise Mart Hall of Fame in Chicago.

L. M. Manieri, manager of the local Sears store, said the selection of the late Mr. Rosenwald was announced at a banquet last night.

A native of Springfield, Ill., Mr. Rosenwald was a manufacturing clothing in 1895 when he bought a part interest in the infant firm of Sears, Roebuck and Co. He entered the company as a vice president in that year. In 1908 he became company president when Richard Sears, the founder, moved up to board chairman. Mr. Sears died in 1914 and Mr. Rosenwald directed the firm until his death in 1932.

The election of Mr. Rosenwald to the Hall of Fame was based largely on contributions that he made towards lowering the cost of consum-

er goods while at the same time vastly improving quality standards. Mr. Rosenwald's credo was "Treat people fairly and honestly and generously and their response will be fair and honest and generous."

The Merchandise Mart Hall of

Fame was inaugurated last year. Nominees to the Hall of Fame are selected by a committee of 125 merchants throughout the nation and the election committee comprises 100 individuals including journalists and marketing author-

## French Politics Has Turned Nation Into Weakest Link Of Western Allies' Defenses

By WILLIAM L. RYAN  
AP Foreign News Analyst

PARIS (AP) — French politics has taken a robust and proud nation and turned it into the weakest link in the West's defenses.

The troubles of the French empire have become the woes of the Western world, while French politicians wring their hands and tumble from bad to worse internal dissension.

A piece of the empire already has slipped away—many say by default—in Indochina, and Western defense plans must be revised. And as France turns her attention to the rest of her overseas territory, much of it boiling, many a Frenchman openly admits the decline of the great nation's power.

In Indochina, France stacked the cards against herself. She permitted no political organization which would fill the vacuum that might some day be left by French departure. Politically, all Viet Nam stands to be engulfed eventually by the Communists, whether the shooting war ends formally or not. Communism will have gobbled up another piece of real estate, largely by political means.

In North Africa, the meaning of the battle of Dien Bien Phu and the humiliation of France were not upon the Nationalist movements. Many forces were anxious to bring the message home to North Africa.

Tunis is in dangerous condition with an organized rebel force—its leaders' political leanings a matter of mystery—already in action and requiring the French to step up their military forces.

In Morocco, terror increases daily, much of it inspired by opportunists attempting to seize and take over the Nationalist cause.

In Algeria, older in the French framework and more solidly held after a century of occupation, Nationalists openly announce themselves as willing to wait for the time being. They frankly say France still has too much military power in Algeria, that they will not waste their manpower in futile gestures. But with each blow to French prestige, Algerian Nationalists grow more hopeful. And the Communist party is legal in Algeria, though outlawed in Tunis and Morocco, and has a grip on the largest section of the labor movement.

France faces the prospect of being able to remain in Tunis and Morocco only by force. It may take some time to develop, but the pattern of an Indochina could repeat itself.

Is there a way for France to find herself again? Some hope is being expressed here that new leadership will be more attuned to the will of the people, less splintered and less prey to minority pressure on the extreme left and right.

Eventually, the way out of France's dilemma may lie in the very weakness of her governments. The constitution provides that parliament may be dissolved if two governments fall within an 18-month period. The Rene Mayer cabinet fell by such a majority in May 1953. The ouster of another government before next November under similar circumstances could pave the way for new elections.

Political analysts say it seems likely that the Communists—after their performance with regard to Dien Bien Phu—would lose votes. The extreme right, represented by the DeGaullists, is split over internal party issues and also stands to lose votes in an election. These factors would tend to strengthen the center parties and France might emerge with the power to form a stable government which would end Paris' wearying indecision.

It seems clear that the Geneva Conference went according to Communist schedule so far as France was concerned. It was plain at the outset the Communist hoped to capitalize on French weariness with the Indochina War. They did. It was plain they hoped to cause the fall of the government of Premier Joseph Laniel so that it might be succeeded by one willing to deal with the Indochina Communists. The French government fell. The Communists then dangled some Geneva bait before the French to

keep the Indochina phase of the conference alive and raise French hopes that the proper attitude on the part of a new government might bring a settlement.

As President Eisenhower and Prime Minister Churchill meet in Washington to survey the wrecked hopes of Geneva, they have before them the picture of a problem ally, France, a keystone of Western defenses which conceivably could be pushed out of place by a strong nudge from the East. Already France's governmental paralysis has all but laid low the hopes of unity in a European Defense Community.

French political leaders of the center frankly worry about the future of the French union, so vital to France as a great market and a great source of supply, so vital to the West as a springboard for counter-attack in case of war.

Representative of these is Marcel Edmond Naegelen, a Socialist who formerly was governor general of Algeria and who refused the job of resident general of Morocco recently. Naegelen has called for "intellectual and moral reconquest" of North Africa to avoid the mistakes of Indochina before is too late.

France's politicians says she has a mission to fulfill in her colonial world. Whatever that mission, whatever the ambitions of local peoples, the stern fact is that these areas have become ramparts of Western civilization. It will take skulful imagination and sound judgment to keep them in the free world's camp.

### Fireworks Illegal, Sheriff Reminds

For persons tempted to celebrate Independence Day with a "bang" the sheriff's office issued a reminder today that selling or using fireworks are prohibited in Ohio.

"Only organizations with permission from proper authorities can display fireworks," Deputy Sheriff Russell VanFossan said. In cities permits can be obtained from fire chiefs and in rural areas applications must be made through the sheriff's office.

Law provides a penalty from \$25 to \$500 for the sale or use of fireworks.

Toy pistol caps are permissible. He warned against patronizing out-of-state companies attempting to market fireworks by mail in Ohio.

The state fire marshal's office has authorized shipping agents to return boxes containing fireworks to the company. Since the fireworks by mail business operates on a pre-paid basis, often the purchaser is without fireworks and money, the deputy sheriff said.

**Degree Work Is Held By Midway Grangers**  
The Midway Grange degree team conferred the first and second degrees on a large number of candidates at the Saturday night meeting.

The candidates will receive the third and fourth degrees from the Guilford Grange Degree Team July 17. Mrs. Charles Cunningham announced that the sewing and baking contest would be held July 17.

It was also announced that a degree team practice would be held July 14. Inspection will be July 31.

Work is progressing on the remodeling of the kitchen and the workers are soliciting any other help available.

Master William Herron presided at the meeting.

NO ACTING HERE.—Actress Marie (The Body) McDonald landed in jail at Beverly Hills, Calif., booked on suspicion of driving while under the influence of narcotics, hit-run driving and having no operator's license. She was released without bail and is being assisted to her car by her husband, Harry Karl, wealthy shoe manufacturer who went to jail to see her.

## Trouble With 'Dope' User Is He Makes Many Friends Addicts

By BILL TERRY  
COLUMBUS, Ohio (U.P.)—What's the harm in a "dope" addict indulging in a bit of heroin or marijuana?

Atty. Alvin I. Krenzler of Cleveland, counsel and director of the state narcotics study, has the answer. He has told 13 regional state meetings to set up the statewide Citizens Narcotics Advisory Committee. He says:

"The addict is the dangerous guy because during a year he makes six or seven friends addicts."

Which is another way of saying that although leaders of narcotics rings should be caught and punished, the addict must be dealt with two, either through punishment or treatment.

The state narcotics study will recommend legislation to Gov. Frank J. Lausche and the next General Assembly. Its findings soon will go to members of the advisory committee which was just formed.

"There are two big fields to the narcotics problem — enforcement and treatment," Krenzler told the meetings. "We're meeting with all police chiefs to work out ideal enforcement methods. Only a few cities have special narcotics squads, and local ordinances punishing addicts and peddlers vary."

"We need a strong state law for uniform enforcement in Ohio. The present state law provides from

zero to five years for any illegal use, possession or sale of narcotics. The laws of some other states are stronger."

He gave a hint of what type of law the study group may recommend when he said the present Ohio law does not distinguish between types of violators—users, addicts, addict-peddlers and peddlers.

"The user is a person who uses narcotics occasionally. The addict is hooked and often turns to crime to get money to buy more drugs. The addict-peddler sells 'dope' to get money to buy drugs for himself. And the commercial peddler—'he's no good at all.'"

The regional meetings have drawn good crowds—850 at the first one in Cleveland last May 21, 550 at Lima, 250 at Portsmouth and 600 at Columbus. Meetings this week were at Mansfield, Toledo and Zanesville. In all, about 5,000 persons attended the meetings.

They were so well attended that Harry J. Anslinger, commissioner of the federal bureau of narcotics, says Ohio is getting the best start of all the states in studying the narcotics problem.

Ohio is only the fourth state to investigate the scope of the problem. Krenzler believes having a large citizens advisory committee will spread knowledge of the evils of illicit narcotics and better chances for stronger state laws.

"Hundreds of bills in state legislatures just didn't go anywhere because they didn't have widespread support," he said. He's drumming up this support in Ohio through the meetings and will follow up with reports spelling out the problem in Ohio, together with his recommendations.

He and C. William O'Neill, attorney general, attended the meetings. One of their strongest aids was a movie explaining the narcotics problem. Stars of the movie were Gov. Lausche, Dr. John C. Baker, chairman of the advisory committee; Anslinger, Rep. Frances P. Bolton, who has worked with United Nations committees on international control of the drug traffic and others.

O'Neill says all of the states surrounding Ohio have more strict penalties for narcotics sales, so Ohio has become a distribution center for narcotics. The governor, who is honorary chairman of the committee, says one of the three worst enemies of humanity is the person who peddles drugs illicitly.

Ohio's laws give the federal government more to do here "than in any other state" in fighting illegal narcotics, says Anslinger. Too much opium still is getting into the United States, says Rep. Bolton.

## Use Of Dictionary May Bring New Trial To 4

RICHMOND, Va. (U.P.)—Four Richmonders, convicted in Federal District Court here last week on liquor violation charges, have asked for a new trial—on grounds the jury used a dictionary without authorization.

In separate motions for a new trial yesterday, the four—Paul Inman, Stewart E. Ragland, Junius Garlick and Thomas P. Miles—charged the jury that convicted them was permitted to see a dictionary during its deliberations without permission of the court or defense counsel.

Judge Sterling Hutcheson was told soon after the guilty verdict was rendered that the jurors used the dictionary to learn the definition of "conspiracy."

Because the resistance of nickel to electrical currents increases as it gets warmer, it often is used to control the temperature of electric blankets.

# J. Fred Muggs, Inc.

By HAL BOYLE

NEW YORK (AP)—J. Fred Muggs, America's only incorporated ape, sets out next month on a flying trip around the world that will mark a new milestone in the air age.

The celebrated chimpanzee will become the first television star in history to girdle the globe by airplane while still in diapers. Neither J. Milton Berle nor J. Arthur Godfrey can make this claim.

Over at NBC, where Muggs has become at the age of 2 a veteran news commentator as co-star on J. Dave Garroway's "Today" show, J. Fred's journey is being accorded more respect than J. Christopher Columbus' first voyage.

"The other day 20 people attended a conference to iron out the details," said a network man with a note of awe. "Muggs listened for a while, then stretched out in the leather seat of an executive's chair and fell sound asleep. He has tremendous self-possession."

Muggs, who is traveling as a goodwill ambassador for the U.S. television industry, is bound to be the most popular American tourist of the year for a very simple reason. He doesn't speak English.

Flying via Pan American World Airways, he will hit such key cities as Paris, Rome, Cairo, Hong Kong, Tokyo and Mexico City.

But the trip also holds a sentimental interest for him as he will revisit Africa, where he was born in poverty some 27 months ago.

Today, just 18 months after

miral in the Nebraska navy. He has endorsed everything except a tractor.

Wearing a beret and dark glasses, Muggs will take in his entourage his secretary and Girl Friday, J. Mary Kelly; a cameraman; and his two young owners, J. Roy Waldron and J. Bud Mennella.

I went along with the chimp the other day to a children's store to watch him pick out some new clothing for the journey—a cutaway

with morning trousers and pearl gray vest; a white garbadeine suit; a red, white and blue bathing suit.

But it is an open secret in the TV industry that underneath his fancy garb J. Fred still wears diapers. It takes time to house-break a TV commentator.

"We have arranged for a veterinarian to check J. Fred's health at each stop," said Mennella. "But what is worrying me is laundry service. Muggs needs 12 changes a day, and I don't know whether

any airline can haul all those diapers.

"In Africa I hope I can find a stand-in for Muggs. He has to make so many personal appearances now I don't know how much longer he can stand up under the strain. Television is very hard on any performer's nerves."

Mis Kelly already views the African stop over with dismay. She is fearful Muggs will go native, rip off his store clothes and disappear into the bush.

"We certainly have no romance in mind for him," she said firmly.

"We definitely are not going to let him associate with any other chimpanzees."

"He's getting girl-crazy already. He likes to put his arms around them and hug and kiss them."

During his stay in the store Muggs tore down a rack of hats, broke a dummy head on the floor and jumped up and down in glee. Finally, he playfully refused to

put his feet into a pair of overalls held out by Mennella.

"Quit being so silly, Muggs," said Mennella, impatiently. "You're getting so you act like a child."

Poor little rich chimp!
